ACT ANNOUNCES NEW IT Director

Bob Cordisco Joins ACT's IT Team

July 13, 2009: Account Control Technology, Inc. (ACT) is pleased to announce the addition of Bob Cordisco to ACT's Information Technology Team as IT Director. Mr. Cordisco will leverage his years of core management proficiency, exceptional skills in strategic and tactical planning, and his array of knowledge and experience to support ACT and its current technological advances. His responsibilities will initially include overseeing ACT's Information Technology departments at all three of ACT's facilities.

"We are very excited to have an IT Director as experienced as Robert joins our team at this critical juncture in ACT's growth" says Glenn Sataloff, CFO.

Mr. Cordisco comes to ACT with over 20 years of Information Technology and Telecommunications Management experience for an assortment of companies, where his career continuously progressed. He is a valuable strategic, tactical, and operational planner with full understanding of staff development and team building, project management, as well as network and operating system expertise. With regard to his new role as ACT's IT Director, Mr. Cordisco had this to say: "ACT has a remarkable technical infrastructure, applications, and staff which is key to its success in the collection industry. As additional technology is implemented over the next 60 days, ACT will position itself to meet service demands far into the future. ACT remains committed to make investments in technology to provide the best possible service to our clients and borrowers."

About ACT

Account Control Technology, Inc. is a national collection firm, enjoying nearly 20 years as one of the most successful education-only agencies in the industry. The company is headquartered in Canoga Park, California, with operation centers in Bakersfield, California and San Angelo, Texas. ACT is a U.S. Department of Education contractor and is licensed to perform collection activity in all 50 states and U.S. trust territories.
